During our project we have demonstrated that we:	Students	Teacher	Mentor
Planned what we were going to do and followed our plan			
Showed creativity in some parts of the project (this may be in finding the aim, in planning, in responding to difficulties, or in thinking of practical applications for the outcome)			
Researched some information to help us complete the project			
Analysed results and evaluated our digital product			
Ensured our solution was safe for everyone participating			
Maintained our team blog during the Challenge			
Worked together as a team and persevered to complete the project and Challenge			
Overcame difficulties that arose during the Challenge, and recorded these in our Blog			
Explained to our teacher what we learned from doing the project			
Completed the 2-page Project Report
