

Project Requirements

KIA HIHIKO AOTEAROA!

Secondary

As a team, use the criteria on this page to assess the outcome of your project. Your teacher and mentor will also use these criteria.

All criteria below must be met to achieve a Secondary certificate and/or compete in the Regional Championship

(Please tick)

During our project we have demonstrated that we:	Students	Teacher	Mentor
Decided on a clear project idea and aim after completing research			
Considered ethical issues and gained ethics approval (if necessary)			
Planned what we were going to do, and followed our plan			
Showed creativity in some parts of the project (this may be in finding the aim, in planning, in responding to difficulties, or in thinking of practical applications for the outcome)			
Considered alternative approaches to the project and justified our choices (as necessary)			
Created a practical solution (even if not quite complete)			
Worked together as a team when finishing the Challenge			
Maintained a blog during the Challenge			
Overcame difficulties that arose during the Challenge, and recorded these in our Blog			
Gained information from a variety of sources to assist progress			
Analysed results and evaluated our digital product			
Accepted different roles and co-operated to achieve our outcome			
Tested the prototype and discussed with our mentor and teacher			
Produced a brief report about the team's prototype
